

HPC620BK

Ultra-flexible 2 twisted conductors speaker cable for passive loudspeakers

Category: Stage Equipment » Proel » Professional bulk cables

Brand: PROEL

Product Code: HPC620BK

Overview

Ultra-flexible 2 twisted conductors speaker cable for passive loudspeakers - 2 x 2,5 mm² section. Black color.

Technical Specifications

Application fields: Passive speaker connections / sound reinforcement / studio installation / live

Conductors: Bare copper 14 AWG = 48x0,25 mm

Lay up: two conductors twisted in short concentric layers

Insulation: flexible PVC 3,20 mm

Jacket: Ultra -Flexible PVC – 60 Shore

Overall diameter: 8,4 mm

Cable section: 2.5 mm²/AWG14

Electrical Resistance @ 20°C: 7,4 Ohm/Km (conductor)

Electrical Capacitance @ 1 KHz: 131 pF/mt

(conductor/conductor)

Operating temperature: -20°C / +70°C

Minimum bending radius: 10 x overall diameter

Weight: 161 Kg/Km

Color: Black

Packaging: 100 m standard carton reel

Packaging: 300 m wooden reel (HPC620BKR300)
