

HPC644

Ultra-flexible 4 twisted conductors speaker cable for passive loudspeakers

Category: Stage Equipment » Proel » Professional bulk cables

Brand: PROEL

Product Code: HPC644

Overview

Ultra-flexible 4 twisted conductors speaker cable for passive loudspeakers - 4 x 4 mm² section. Black color.

Technical Specifications

Application fields: Passive speaker connections / sound reinforcement / studio installation / live

Conductors: Bare copper 12 AWG = 53x0,25 mm

Lay up: four conductors twisted in short concentric layers

Insulation: flexible PVC 4,20 mm

Jacket: Ultra -Flexible PVC – 60 Shore

Overall diameter: 13,20 mm

Cable section: 4 mm²/AWG12

Electrical Resistance @ 20°C: 4,5 Ohm/Km (conductor)

Electrical Capacitance @ 1 KHz: 120 pF/mt

(conductor/conductor)

Operating temperature: -20°C / +70°C

Minimum bending radius: 10 x overall diameter

Weight: 345 Kg/Km

Color: Black

Packaging: 100 m wooden reel
