

HPC710

Professional 2-conductors flat cable with flexible PVC overall jacket

Category: Stage Equipment » Proel » Professional bulk cables

Brand: PROEL
Product Code: HPC710

Overview

Professional 2-conductors flat cable with flexible PVC overall jacket in transparent colour for passive speakers. Tinned copper and red copper conductors strength for an easy polarization recognition. Section: 3,0mm². Colour: Translucent red.

Technical Specifications

Application fields: Passive speaker connections - Home HI-FI

Conductors: Bare and tinned copper 12AWG 3X56X0,15mm

Cable section: 3,0 mm²/AWG12

Jacket: Flexible PVC 64 shore

Overall diameter: 2 x ø 4,60 mm

Electrical Resistance @ 20°C: 3,75 Ohm/Km (conductor)

Electrical Capacitance @ 1 KHz: 80 pF/m (conductor)

Operating temperature: -30°C / +70°C at fixed laying

Minimum bendig radius: 10 x overall diameter

Weight: 138,00 Kg/Km

Available colours: Translucent red

Packaging: 100 m standard carton reel
